## SUMMARY

Full Stack Developer with 5 years of professional experience across software development, IT support, graphic design, and motion graphics. Experienced in building web applications using React, Next.js, TypeScript, Python, FastAPI, and SQL. Strong foundation in C and C++, with practical experience in REST APIs, databases, authentication, responsive UI development, and modern development workflows.

## Experience

First Solution Pvt Ltd 2025 - 2026

Full Stack Developer

- Develop and maintain full-stack web applications using FastAPI, React, Next.js, TypeScript, and SQL-based databases.
- Build REST APIs, authentication flows, database models, and responsive frontend interfaces.
- Work with Git, testing, debugging, and modern development workflows to deliver reliable features.

Zilicon Network Solution Pvt Ltd 2024 - 2025

IT Support & Graphic / Motion Graphic Designer

- Provided IT support while creating graphic and motion-design assets for digital and business requirements.
- Troubleshoot technical issues, supported users, and prepared visual content for projects and campaigns.

Zilicon Network Solution 2023 - 2024

Graphic Designer / Motion Graphic Designer

- Designed digital graphics, promotional creatives, and motion-graphic content for business and marketing projects.

Freelancer 2021 - 2023

Graphic Designer

- Created graphic design assets for clients, including promotional visuals, social-media creatives, and branded content.
